

# Struggling to qualify for organ donation?

You are not alone! A large portion of organ donations are screened out, sometimes for reasons you have the power to control, such as weight and smoking. We at Project Donor want to help you save lives, one healthy choice at a time.

## GET STARTED TODAY

If your doctor has given you this flyer, you are eligible. To get started call us at (920) 368-6063.

### HOW IT WORKS

WE FULLY COVER THE COSTS OF A VARIETY OF INTERVENTIONS THAT HELP YOU MAKE SMART AND NEW LIFESTYLE CHOICES — CHOICES THAT COULD HELP YOU GIVE A LOVED ONE A BRIGHTER FUTURE.

"The amazing thing about this story is that I went into it hoping to save a friend's life — and in a way, he ended up saving mine."  
- Organ Donor

### THROWING OUT THE PACK

Today, there are a multitude of options — such as nicotine patches, nicotine gum, nicotine lozenges, and phone counseling — available for people wanting to quit smoking. Through one-on-one conversation, we aim to match the best aid to you.

WE WANT TO HELP YOU SAVE A LIFE, AND CHANGE YOURS ALONG THE WAY.

### WHAT'S THE CATCH?

NOTHING! WE WANT TO HELP EVERY BRAVE AND KIND PERSON THAT IS WILLING TO DONATE AN ORGAN ACHIEVE THEIR GOAL AT NO COST TO THEM.

ENROLLMENT IN THE PROGRAM DOES NOT GUARANTEE THAT YOU WILL BE ABLE TO DONATE.

### WEIGHT-LOSS APPS

We reimburse memberships to apps such as **Noom**, **WW**, and **On-Point**, aimed at transforming your lifestyle.

We work with you to match apps to your preference.

### DIRECT SUPPORT

At Project Donor we have access to **nuanced advice backed by behavioral science**; advice we want to give you! If you need help with anything (**app reimbursement, sticking to your goals etc.**), or need help navigating the donation process, **call us anytime.**

We want to support you every way we can.
